SUMMARY

UI/UX and Product Designer with 4+ years of experience designing AI products, enterprise applications, dashboards, and responsive web experiences. Worked on online and fully offline AI projects for the Indian Navy's AI organization, INICAI. Skilled in UX research, user flows, wireframing, prototyping, UI design, design systems, and frontend collaboration. Experienced in working with developers, AI teams, product teams, and stakeholders to create simple and practical user experiences.

CORE SKILLS

Product Strategy & UX

- Product Thinking
- UX Strategy
- User-Centered Design
- User Research
- Information Architecture
- User Flows

Interaction & UI Design

- Wireframing
- Prototyping
- Interaction Design
- High-Fidelity UI
- Responsive Design
- Visual Hierarchy
- Accessibility

AI Product Design

- AI Interfaces
- AI Chat Experiences
- AI Dashboards
- AI Workflows
- Online & Offline AI Products
- Data Visualization

Design Systems

- Component Libraries
- Reusable Components
- Design Patterns
- Design Consistency
- Developer Handoff

PROFESSIONAL EXPERIENCE

UI/UX Designer | Cloudstrats Technologies – Indian Navy – INICAI | June 2026 – Sep 2026

- Designing AI-powered applications, dashboards, and enterprise interfaces for the Indian Navy's AI organization, INICAI.
- Working on both online and fully offline AI applications for different operational environments.
- Creating user flows, wireframes, prototypes, high-fidelity UI, and responsive designs using Figma.
- Working closely with AI engineers, developers, product teams, and stakeholders to simplify complex workflows.
- Creating reusable UI components and design patterns for consistency across multiple applications.

UI/UX Developer | Pinaca Technologies – Indian Navy – INICAI | Apr 2025 – June 4, 2026

- Designed AI-based applications, dashboards, and enterprise interfaces for Indian Navy / INICAI projects.
- Created user flows, wireframes, prototypes, responsive UI, and design systems using Figma and Adobe XD.
- Worked on both online and offline application environments based on project requirements.
- Collaborated with developers, AI teams, and stakeholders to improve usability and simplify complex workflows.
- Supported frontend implementation using React.js, HTML, CSS, and Tailwind CSS.

UI/UX Designer | Aramporul Tech Pvt Ltd - Chennai | Feb 2024 – Jun 2024

- Designed responsive web interfaces and improved information architecture and navigation.
- Created wireframes, prototypes, UI designs, and interactive components.
- Worked with developers to deliver consistent and user-friendly digital experiences.

Senior Software Engineer | Technology Transformation Group - Bangalore | Nov 2021 – Jul 2023

- Redesigned enterprise interfaces across 5+ applications to improve usability and task efficiency.
- Worked on frontend development using modern web technologies and responsive UI.
- Collaborated with cross-functional teams to improve workflows and create reusable design patterns.

AI PRODUCT EXPERIENCE

Indian Navy – INICAI (Indian Navy Incubation Centre for Artificial Intelligence)

- Designed online and offline AI applications for Indian Navy projects.
- Designed AI chat, dashboards, search, and document workflows.
- Worked with AI engineers, developers, and product teams to simplify complex AI workflows.
- Contributed to confidential AI projects using reusable UI components and design patterns.

PROJECTS

Indian Navy / INICAI – AI Projects
Designed AI interfaces, dashboards, workflows, and information-heavy applications for online and fully offline environments.

Norwood Charity
Redesigned donation flow and navigation to create a simpler user experience.

GS Fresh Web App
Designed e-commerce flows focused on product discovery, shopping, and responsive UI.

PIMS (Talkback)
Designed dashboards and workflows with clear information hierarchy and simpler task flows.

Rusticgram
Designed a responsive social platform with clean navigation and reusable UI components.

PassionPro
Designed task-based dashboards with simple navigation and easy-to-understand interfaces.

EDUCATION

- **Advanced UI/UX Design Certification**
  Web D School, Chennai (2023 – 2024)
- **Bachelor of Technology (Information Technology)**
  Rajalakshmi Engineering College (2016 – 2020)

ACHIEVEMENTS

AI Impact Summit Expo – New Delhi
- Participated in AI Impact Summit Expo and took ownership of AI Products of Indian Navy for the Exhibition.
- Demonstrated AI product workflows and applications, explaining their features and practical use cases.

TOOLS & TECHNOLOGIES

- **UI/UX & Design:** Figma · Adobe XD · Photoshop · Illustrator · Sketch · InVision
- **Motion & 3D:** After Effects · Premiere Pro · DaVinci Resolve · Blender · Spline · Lottie
- **Web & No-Code:** Webflow · WordPress · Wix Studio · Framer
- **Frontend:** HTML · CSS · JavaScript · React.js · Tailwind CSS · Bootstrap
- **Development & Collaboration:** Git · GitHub · VS Code · npm · Postman
- **Prototyping & Interaction:** Protopie

CERTIFICATION

- Advanced UI/UX Designer
- AZ-900: Microsoft Azure Fundamentals
- .NET (C#) Certification

LANGUAGES

- English – Professional Working Proficiency
- Tamil – Native

PORTFOLIO

BEHANCE LINKEDIN PORTFOLIO

Transforming complex challenges into simple, intuitive, and impactful digital experiences.
